Independent Auditor's Report

To the members of FAMSA - Families South African Western Cape

We have audited the financial statements of FAMSA - Families South Africa Western Cape, as set out on pages 6 to 16, which comprise the statement of financial position as at 31 March 2015, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and the notes, comprising a summary of significant accounting policies and other explanatory information.

Executive Committee Responsibility for the Annual Financial Statements

The organisation's members is responsible for the preparation and fair presentation of these annual financial statements in accordance with International Financial Reporting Standard for Small and Medium-sized Entities, and requirements of the Non-Profit Organisations Act, 1997, and for such internal control as the members determine is necessary to enable the preparation of annual financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these annual financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance that the annual financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the annual financial statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the annual financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the annual financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the annual financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Qualification

In common with similar organisations, it is not feasible for the organisation to institute accounting controls over cash collections from donations prior to the initial entry of collections in the accounting records. Accordingly it was impractical for us to extend our examinations beyond the receipts actually recorded.

Independent Auditor's Report

Opinion

In our opinion, except for the possible effects of the matters described in the Basis for Qualified Opinion paragraph, the annual financial statements present fairly, in all material respects, the financial position of FAMSA - Families South Africa Western Cape as at 31 March 2015, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standard for Small and Medium-sized Entities and in the manner required by the Non-Profit Organisations Act, 1997.

DOLAKES

Cape Town 31 July 2015

Executive Committee's Responsibilities and Approval

The members are required in terms of the Companies Act 71 of 2008 to maintain adequate accounting records and is responsible for the content and integrity of the financial statements and related financial information included in this report. It is their responsibility to ensure that the financial statements fairly present the state of affairs of the company as at the end of the financial year and the results of its operations and cash flows for the period then ended, in conformity with International Financial Reporting Standard for Small and Medium-sized Entities. The external auditors are engaged to express an independent opinion on the financial statements.

The annual financial statements are prepared in accordance with International Financial Reporting Standard for Small and Medium-sized Entities and the Companies Act of South Africa and are based upon appropriate accounting policies consistently applied and supported by reasonable and prudent judgments and estimates.

The members acknowledge that they are ultimately responsible for the system of internal financial control established by the organisation and place considerable importance on maintaining a strong control environment. To enable the members to meet these responsibilities, the members set standards for internal control aimed at reducing the risk of error or loss in a cost effective manner. Those standards include the proper delegation of responsibilities within a clearly defined framework, effective accounting procedures and adequate segregation of duties to ensure an acceptable level of risk. These controls are monitored throughout the organisation and all employees are required to maintain the highest ethical standards in ensuring the organisation's business is conducted in a manner that in all reasonable circumstances is above reproach. The focus of risk management in the organisation is on identifying, assessing, managing and monitoring all known forms of risk across the company. While operating risk cannot be fully eliminated, the organisation endeavours to minimise it by ensuring that the appropriate infrastructure, controls, systems and ethical behaviour are applied and managed within predetermined procedures and constraints.

The members are of the opinion, based on the information and explanations given by management, that the system of internal control provides reasonable assurance that the financial records may be relied on for the preparation of the annual financial statements. However, any system of internal financial control can provide only reasonable, and not absolute, assurance against material misstatement or loss.

The members have reviewed the company's cash flow forecast for the year to 31 March 2014 and, in the light of this review and the current financial position, they are satisfied that the organisation has or has access to adequate resources to continue in operational existence for the foreseeable future.

The external auditors are responsible for independently auditing and reporting on the organisation's annual financial statements. The annual financial statements have been examined by the organisation's external auditors and their report is presented on pages 2 and 3.

The annual financial statements set out on pages 6 to 16, which have been prepared on the going concern basis, were approved by the members on 31 July 2015 and were signed on its behalf by:

Mr V April (Chairperson)

Miss M Bosman (Treasurer)

Accounting Policies

1. Presentation of Annual Financial Statements

The annual financial statements have been prepared in accordance with International Financial Reporting Standards for Small and Medium-sized Entities, and the Non-Profit Organisations Act, 1997. The annual financial statements have been prepared on the historical cost basis, and incorporate the principal accounting policies set out below. They are presented in South African Rands.

These accounting policies are consistent with the previous period.

1.1 Property, plant and equipment

The cost of an item of property, plant and equipment is recognised as an asset when:

- it is probable that future economic benefits associated with the item will flow to the company; and
- the cost of the item can be measured reliably.

Property, plant and equipment is initially measured at cost.

Costs include costs incurred initially to acquire or construct an item of property, plant and equipment and costs incurred subsequently to add to, replace part of, or service it. If a replacement cost is recognised in the carrying amount of an item of property, plant and equipment, the carrying amount of the replaced part is derecognised.

Property, plant and equipment are depreciated on the straight-line basis over their expected useful lives to their estimated residual value.

Property, plant and equipment is carried at cost less accumulated depreciation and any impairment losses.

The useful lives of items of property, plant and equipment have been assessed as follows:

ItemAverage useful lifeFurniture and fittings4 yearsMotor vehicles5 yearsComputer equipment4 yearsLibrary booksWritten down to a nominal value of R1

The residual value, useful life and depreciation method of each asset are reviewed at the end of each reporting period. If the expectations differ from previous estimates, the change is accounted for as a change in accounting estimate.

The gain or loss arising from the derecognition of an item of property, plant and equipment is included in profit or loss when the item is derecognised. The gain or loss arising from the derecognition of an item of property, plant and equipment is determined as the difference between the net disposal proceeds, if any, and the carrying amount of the item.

Land and buildings are not depreciated and is carried at cost.

1.2 Financial instruments

Financial instruments at amortised cost

Debt instruments, as defined in the standard, are subsequently measured at amortised cost using the effective interest rate method. Debt instruments which are classified as current assets or current liabilities are measured at the undiscounted amount of the cash expected to be received or paid, unless the arrangement effectively constitutes a financing transaction.

Accounting Policies

1.3 Leases

A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership. A lease is classified as an operating lease if it does not transfer substantially all the risks and rewards incidental to ownership.

Leases where the company is the lessee

It is not the policy of the company to enter into leases where the significant risks and rewards of ownership are assumed. Leases are therefore classified as operating leases and rentals are recognised as an expense in the income statement on a straight-line basis over the lease term.

Leases where the company is the lessor

Where leases are regarded as financing transactions, instalments receivable less unearned finance charges are classified as finance leases under Financial Assets. Lease rentals are apportioned between the finance charges and reduction of the lease receivable so as to achieve a constant rate of interest on the remaining lease receivable. Finance charges are credited directly to income.

Operating lease payments are recognised as an expense on a straight-line basis over the lease term. The difference between the amounts recognised as an expense and the contractual payments are recognised as an operating lease asset / (liability). Such liability is not discounted.

1.4 Employee benefits

Defined contribution plans

Payments to defined contribution retirement benefit plans are charged as an expense as they fall due.

1.5 Government grants

Grants that do not impose specific performance conditions are recognised in income when the grant proceeds are receivable.

Grants that impose specified future performance conditions are recognised in income only when the performance conditions are met.

Grants received before the revenue recognition criteria are satisfied are recognised as a liability.

Grants are measured at the fair value of the asset received or receivable.

1.6 Revenue

Revenue is measured at the fair value of the consideration received or receivable and represents the amounts receivable for goods and services provided in the normal course of business, net of trade discounts and volume rebates, and value added tax.

Interest is recognised, in profit or loss, using the effective interest rate method.

Dividends are recognised, in profit or loss, when the company's right to receive payment has been established.

Donations are recognised at the fair value of the consideration received or receivable.
